

2008 CNS/ATM Conference

23 - 26 June 2008

Marriott Waterside Hotel, Tampa,
Florida

"SAVE THE DATE!"

The Armed Forces Communications and Electronics Association (AFCEA) and the 853d Electronic Systems Group are co-sponsoring the Communication, Navigation, Surveillance/Air Traffic Management (CNS/ATM) Conference 23 - 26 June 2008 at the Marriott Waterside Hotel in Tampa, Florida.

This year's theme: ***The Jump to Next Gen***

The objective of this conference is to understand Civilian CNS/ATM requirements, share expertise and improve DoD processes for complying with civil CNS/ATM mandates. We are planning a three-day conference focusing on worldwide air and ground-based CNS/ATM requirements and issues. Numerous exhibitors will demonstrate their latest products and systems. There will be ample opportunity to meet in relaxed social venues and enjoy the local area.

Additional conference, hotel and vendor registration, and other information will be posted to the AFCEA website over the next few weeks.

Registration information:

- Conference fee: \$185 (if registered by 1 Jun 08); \$235 (for all registrations after 1 Jun 08)
 - Registration will open soon on the AFCEA website.
- Vendor Booths: \$2250 per 8' x 10' space – includes two full-conference admissions
 - We request all potential vendors to notify us of their intent to exhibit by May 31, 2008.
 - Exhibitor instructions will be available on the AFCEA website soon.

Questions? Contact at DSN 478 or (781) 377-
